SWIMMERS WERE VICTORIOUS IN ALMOST EVERY EVENT OF THE INTERCOLLEGIATE CONTEST

Toronto Were Unable to Take More Than One First Place
and McGill Won Meet by Score of 43 to 14

MCGILL ALSO TRIPLED SCORE IN POLO GAME

Toronto Led at Half Time But McGill Came Back Strong
in Second Half

Toronto, February 17th, 1913
(Staff Correspondent)

The McGill swimming aggregation gave an ample demonstration on Saturday last, of the fact that it is by no means a one man team, for, minus the services of the famous George Varsity team by 43 points to 14. The McGill polo team also proved victorious, defeating Varsity by a score of 6 to 2, although at half time the score stood 2 to 1 against the visitors.

The McGill men only met with one surprise, this being in the back stroke event, which Shives, of Toronto, won in the remarkably fast time of 27 1-5 seconds. This established a new record for the forty yards on back in intercollegiate circles.

McGill won all the other events with ease, MacKay capturing the forty yards, Frank McGill the hundred, and the 200, McLean the diving, and Patterson the long plunge. In the relay race McGill used two substitutes, Stavert and Dave Williamson, and two regulars, MacKay and McGill, and this quartet won out by three quarters of the length of the bath.

George Draper took second places for McGill in the back stroke, the hundred yards, and the diving and Kerry swam second in the 200 yards. Stavert was third in the long plunge barely two inches behind Tebbis of Varsity who took second place.

The diving event was merely an exhibition, Toronto's two divers both being freshmen and ineligible to compete under the rules in force at Toronto. Both of them showed promise of future ability but neither was in the same class as either McLean

or Draper.

Frank McGill was the individual star of the meet. His time in the hundred was given out as 59 4-5 seconds, although one of the officials watches caught him at 59 2-5. This performance followed his victory in the 200 yards in 2 minutes 35 seconds. He also made fast time in the relay race and was the best man in the tank in the polo game, scoring the majority of the goals for McGill.

MacKay's time in the forty was fast, three watches catching it at under 21 seconds, although two of the officials watches showed slower time and 21 2-5 was the time given out. Some of the officials were chosen at the last minute, however, and proved none too competent.

Summary of swimming and diving events:—

40 yards:—1. MacKay, McGill; 2. Tilson, Toronto; 3. Simpson, Toronto Time 21 2-5 seconds.

100 yards:—1. McGill, McGill; 2. Draper, McGill; 3. Tilson, Toronto; Time 54 4-5 seconds.
(Foote, Toronto, did not finish. Only three entered.)

40 yards on back:—1. Shives, Toronto; 2. Draper, McGill; 3. Foote, Toronto. Time 27 1-5.

Long plunge:—1. Patterson, McGill 51 feet 7 inches; 2. Tebbis, Toronto, 47 feet, 5 1/2 inches; 3. Stavert, McGill, 47 feet, 3 1/2 inches.

Fancy diving:—1. McLean, McGill; 2. Draper, McGill. (Hong and Mullen gave an exhibition for Varsity).

Relay race:—Won by McGill (MacKay, McGill, Stavert, D. Williamson). The polo game started directly af-

WORK IS STOPPED ON THE CAMPUS RINK BY BURSAR'S ORDER

Snow Lies Were it Falls and
Worker's Shovels are Idle

All work has been suspended on the campus rink. On Saturday "Tom" Graydon received orders not to go on with the clearing off of the snow and the other jobs in connection with the rink. These orders were given by the Bursar of the University, Mr. Vaughn.

It appears the Students Council have not paid the bill for labour on the rink in January presented to them by the Bursars office. According to information received by the Daily on good authority, the bill for December has been paid but as yet the January account remains unsettled.

Mr. Vaughn apparently said that if the account was not settled by Saturday he would have the men on the rink stop work. The account has not been paid and the men have been taken off the rink.

Until some settlement is arrived at hundreds of students will be deprived of their accustomed healthy open air exercises. In addition to this no hockey can be played on the campus.

203. H. G. Stone, 250; A. E. Sargent,

228. W. G. Wright, 250; W. H. Miller,

228.

In the second round of the Byes, A. T. Rickards defeated C. C. Galloway who made 188; and H. G. Stone defeated W. G. Wright, 250-204.

To date Rickards and Stone are the only players who have reached the third round.

Editorials

By the orders of the Bursar of the University all the men who have been employed to clean off the Campus rink and keep it in order have stopped work. As far as we have been able to discover this step has been taken because of a recent and unsettled account owing to the University by the Council.

The Campus rink affords pleasure as well as a convenient and most beneficial form of exercise to many undergraduates. That they should be forced to do without this exercise from any cause except obstacles interposed by the weather is regrettable. We have had very little skating this winter and to be debarred from it when the weather is most suitable is indeed a misfortune. We hope the misunderstanding will be immediately cleared up.

A representative from Queens University stated on Friday that the great difference between the Alma Mater Society of that University and our own Students Council lay in the fact that anyone who wished to do so could attend the meetings of the former body. They do not find it a hindrance but rather a help.

It is a fact that our own Council are not brought into very close touch with the Student body. If they were, many misunderstandings would be prevented. Silence may upon occasion be golden but sometimes silvery speech is more welcome. The time is bound to come when the Council will be brought into closer connection with undergraduate opinion.

The Swimming Club has had a most successful season this year. Although they were beaten by Yale and lost the water polo championship of Canada by one point the members still have a record to be proud of.

Pennsylvania's team went down to defeat before our representatives. The crack Brookline Club also suffered defeat. In addition to this, both the Swimming and Water Polo teams won their respective Intercollegiate championships in Toronto on Saturday; and the former team, in spite of the absence of Hodgson, piled up an enormous score on their opponents.

Greater interest than ever before has been taken in swimming at McGill. This is largely due to the capable way in which the Club has been managed. To the executive and the members of both teams the Daily extends its heartiest congratulations—Well Done!

R.V.C. JUNIORS TRIM SENIORS & FRESHIES DEFEAT THE SOPHS.

Exciting Games of Interclass Hockey Played on Saturday

The Senior-Junior Hockey Match, which was played off on Saturday morning at the R.V.C. rink resulted in a victory for the Juniors 8-0. The players were in good trim and both teams put up a steady game, the play being much closer than the score would indicate. Stellar hockey was displayed by both centres particularly by the Junior, I. McCaw, who put in five goals with scientific skill.

The players lined up as follows:
SENIORS
D. Duff centre I. McCaw
W. Mount r. wing C. Morgan
M. Morrison l. wing V. Henry
O. Reinhardt point P. Leslie
A. Schwengers goal M. Longworth
A match was also played between the Sophomores and the Freshies. Both teams had practised almost daily and the result was a fast game with better passing and checking than was shown last week. In the first half the Freshies secured two goals and in the second half each team scored once so that the final score stood: Freshmen 3 Sophomores 1. The line-up was as follows:

SOPHOMORES
L. Demuth centre E. Ellison
M. Hibbard r. wing M. Currie
M. Macoun l. wing M. Muir
W. Mosley point A. McCormick
M. Bennetts goal G. Paterson
At half time F. McCorrevont replaced W. Mosley.

GOLDEN GUARANTEE FAILS TO FASCINATE FALTERING FUSSERS

All Alluraments Fail to Attract Students and Their Fair Friends

The strains of the orchestra resound on Saturday afternoons in the Union. The artistically shaded lights throw their soft rays over the cosy little tables for two that line the walls of the Grill Room. Tempting delicacies are spread in enticing array on a table and yet, in spite of all these inducements, not a single fusser has yet brought a lady into tea.

Mr. Shew, the genial and capable caterer has done everything possible to make the room attractive. He has succeeded in this and yet all his efforts are in vain. Bashful beauty will evidently not brave the entrance into the Union.

Finding that the Fussers seemed unwilling to come Mr. Shew has unofficially offered a prize to the first one to enter the Grill Room with a girl. The adventurous undergraduate who starts the new movement will receive a coat sweater or four dollars in cash. Since the offer was made many curious students have gathered for tea in the Union to see what bold man would win the prize. No one, however, has as yet attempted it. It looks as though the Grill Room will only be used by stag tea parties. However, you never can tell.

Dr. R. Tait, MacKenzie, a McGill graduate, who is Director of Physical Education at Pennsylvania University, will deliver a series of lectures on "The History and Theory of Physical Education" to the gym leaders at Pennsylvania.

A WRESTLING FINAL
IN 135 POUND CLASS
HELD ON SATURDAY

Fred Davies wins College
Championship in Well
Contested Bout

The final for the Lightweight Wrestling Championship and a place on the Intercollegiate team in the 135 pound class was held in the McGill Union last Saturday afternoon. This bout was not held at the College meet but was deferred till alater date and was eventually pulled off on Saturday.

The contestants were F. G. Hughes and Fred Davies. The latter showed the aggressive from the start, and although he did not show great superiority in science, he was on the aggressive for most of the time and was top man almost all the time.

With a little more attention to the science of the game Davies will make a lightweight of good calibre. "Lighting" Hamilton filled the role of referee satisfactorily. Messrs. Doan and Ford acted as judges and Instructor Smith as time keeper.

PLAY FROM PEN OF
PROF. MACNAUGHTON
OF MCGILL UNION B.C.

Former Prof. at This Univer-
sity Writes a Drama
Entitled Rute

Many McGill graduates as well as members of the Faculty will be interested to hear that the first installment of Ruth, a drama, by R. E. Macnaughton, Professor of Greek at McGill University College, B.C. has appeared in the January number of the Westminster Hall Magazine. Some of the passages are worthy of attention, for instance, "For man is in comparison with God as nothing; like the shadow of a dream

That fadeth in the twinkling of an eye.

His days are as the coming of the grass That in the morning groweth swiftly up,

At noon is cut and falleth to the ground

And with the evening withereth away Yet God who needs not help from any man

To bring about His purposes, requires Faith from his people, where he findeth faith

He giveth swift and sure accomplish-ment,

For those who doubt, delay his promised end.

Professor Macnaughton was born about a little over fifty years ago. He was educated at Eton, and at King's College, Cambridge; Scholar of Eton; Exhibitioner and Scholar of King's College, Cambridge; given reading prize at Harrow, but had to retire owing to break-down from over-work.

He emigrated to Tasmania and was practising law there. When he received an appointment here in 1904. He was at this university for four years and has been four years in British Columbia.

AN AMERICAN CLUB
DINNER ON BIRTHDAY
OF GEO. WASHINGTON

Will Take Place on February
22nd

Next Saturday will be a legal holiday in the U.S.A. in observance of the 181th anniversary of General George Washington's birthday. As on that day all college men in American schools will feast together, it is but just and right that American men in McGill should meet again at the festive board.

The Executive of the American Club of McGill have been making arrangements for a feed at the Union and as Mr. Shew himself is an American he fell in heartily with the scheme.

This is to be purely an informal affair and the Grill Room has been set aside for this purpose. It is planned to have every American in McGill present and it is to be hoped that such will be the case.

The dinner will be strictly a la carte at Union prices only that some new features will be on the Menu appropriate for the occasion. The diners need only pay as much as they wish, 25c to \$1.00 as they see fit. But ye Americans see to it that you are there for we need your company.

Mr. Shew in an interview today was quite enthusiastic and showed some fine features in connection therewith, also some very appropriate favors.

Remember this is to be at 6 p.m. (the dinner hour) next Saturday in the Grill room. Don't forget for we want all present even is you only order toast and coffee.

This is but a humble effort of the American Club to further bind its members together in the band of goodfellowship and common sympathy—and a day like this is a good occasion for so doing.

INTERMEDIATES PLAY
R. M. C. IN KINSTON
ON WEDNESDAY NIGHT

Prospects for a Win are Good

The intermediate hockey team play R.M.C. the first of a series of home and home games in Kingston on Wednesday next. The team will be at full strength and should give the Kingstonians a hard run. R.M.C. are very strong and so are McGill so the game should be a good one.

In preparation for the game on Wednesday there will be a hockey practice at the Arena today at 5 o'clock. The executive desire the following men to be on hand, Paisley, Clarkem Kendall, Fawatt, Ryley, Demuth, Wickson, Sutherland, Sergeant, N. Williamson, F. McGill, Forman, Graham, Lyons, Gibb, "Bus" Stewart, Hibbard, G. Scott.

The executive hope that a large number of supporters will go up to Kingston to cheer for the team. All those intending to make the trip are requested to give their names to Mr. E. B. Reid at the Union in order to get the benefit of the reduced rate.

A portion of a woman's rib has been transplanted in her nose. A ticklish operation.

Notes and Comments

Frank McGills performance in the Intercollegiate Swimming meet at Toronto was a splendid one. He came first in the 200 yards race, first in the 100 yard race, swam on the victorious relay team and scored the majority of goals for the water polo team.

Should Varsity decide to try the Alan Cup, McGill men will wish them every success. They have a hard row to hoe before they can travel to Winnipeg in search of the silverware. Both the O.H.A. and Interprovincial winners are sure to be strong.

The matter of the hockey team's trip to Harvard was under discussion at the Students Council meeting last Thursday evening. Since then it has definitely answered that the team will not go. Under the circumstances it would seem to be a wise decision.

Last Wednesday Princeton defeated Yale in a hockey game by a score of 8 to 2. Captain Baker was again the individual star of the game. This means a third consecutive championship in hockey for Princeton if they can defeat Harvard in the game in Boston to-morrow night.

There is a scrub hockey series going on at present at Harvard. The names of the various teams put our own inventive talent along the same

lines in the shade. We have the Bunsen Burners, the Rectilineal Parallelepipedons and the Slide Rule Slips. The following are the names of the teams at Harvard: Little Jeffs Drownoughts, Society Pears, Hard Guys, Canned Peaches, Decoys, Seven Deadly Sins, Yinbeles, Bisques, Fuzzy Lambs, Whangdingers, Husky Hoboes and Chuck-a-Pucks.

ROYAL MILITARY COLLEGE

There are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution designed primarily for the purpose of giving instruction in all branches of military science to officers and Cadets of the Canadian Militia. In fact it corresponds to Woolwich and Sandhurst.

The Commandant and Military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and, in addition, the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent force are offered annually.

The diploma of graduates is considered by the authorities conducting the examinations for Dominion Land Surveyor to be equivalent to a university degree, and by the regulations of the Law Society of Ontario, it obtains the same exemptions as a B.A. degree.

The length of the course is three years, in three terms of 9 months each.

The total cost of the course, including board, uniform, instructional material, and all extras, is about \$800.

The annual competitive examination for admission to the College, takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination, and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont., or to the Commandant, Royal Military College Kingston, Ont.

Y. M. C. A. NOTES

The Hall has been the scene of three notable meetings this week in connection with the missionary Institute which has just concluded, and McGill men have had the opportunity of listening to three missionaries in Dr. Margaret MacKellar, Dr. C. K. Roys, and Dr. Murdoch MacKenzie, who have brought to us messages such as we seldom have the good fortune to hear.

Indeed, when one considers what an outstanding figure in Christian Missions that Dr. MacKenzie undoubtedly is, and the magnificent addresses that he has favoured us with, one is struck by the fact that McGill men have very little realized their opportunity.

Many have been the attractions around college in the last few days, and in order that some men who may have been prevented from attending evening meetings, might have the chance of hearing him and of talking with him. Dr. MacKenzie has kindly consented to be with us for a last meeting in Strathcona Hall on Sunday at 3 p.m. Many students took this opportunity of hearing from a great modern apostle of Missions—Dr. Chas. K. Roys, who has for seven years worked in Medical Mission work in the north of China, is staying at Strathcona Hall for a few days.

He has had an enviable experience in fighting the pneumonic plague, and has with him some splendid pictures of medical and surgical cases that have been treated at his hospital.

This hospital, by the way is the only one that is convenient for no less than three and one half millions of people in the Shantung Province, of China.

Dr. Roys is at Room "C", Strathcona Hall, and will be there till today day, glad to have any students call and see him about medical work in the East.

My heart is burdened with a cruel grief.

I've wept and wept till I can weep no more.

I've absolutely soaked my handkerchief,

And made a little puddle on the floor.

Not even 'Songs of Araby' can give The slightest solace to my black despair;

For, now my sweet Yvonne has gone to live

For years she lived next door to me, and oft

I've tied her pigtail to the back-door key;

We've had Gargantuan hay-fights in the loft,

Because I chucked her bonnet up a tree.

A time came when I called her pig-tail tresses,

And idolised the hats she used to wear—

But now, she'll be bestowing her ear-resses

Bad language is a thing my spirit loathes,

Though quite a lot of people advocate it.

Strongly deprecate unmeaning oaths And as for blasphemy, I simply hate it.

Yet just to give my wrath, which I've been nursing,

Some satisfaction, as is only fair, I think I might employ vicarious cursing

SWIMMERS WERE VICTORIOUS

Continued from page 1

ter the other events were completed, with Leslie Earl, formerly captain of the M.A.A.A. team, but now located in Toronto, as referee.

In the first half the Toronto team had the best of the scoring, getting two goals to McGill's one. The McGill boys did not seem at home in the tank and their combination was poor. Toronto played a rough and ready game, sending their opponents under at every opportunity without much regard for the rules. Referee Earl was somewhat lenient and handed out no penalties.

Frank McGill scored the first goal of the match; but Jones evened up for Varsity and Tilson put them in the lead. The second Toronto goal was something of a fluke. The goals were not regular official ones but wooden contrivances suspended from the ceiling and floating on the surface. A hard shot struck the top bar of the goal just over Egerton's head and swung the whole goal back. The ball then dropped to the water and the goal swung back into its original position, passing in doing so over the ball. This was counted as a goal, no distinction being made between the ball going under the top bar and the top bar going over the ball.

One of the Toronto men had to retire on account of cramp and Baldwin went off to even up towards the end of the game.

Line-up of teams:—

Toronto: goal, Milne; defence, Qua and Rutherford, forwards, Jones, Tilson, Simpson.

McGill: goal, Egerton; defence, Smith and Baldwin; forwards, Buckley, McGill, Kerry.
